THE SERVICEMAN'S CORNER

Hi, fellows. Hope you got last week's issue of the Byline okay--and that you didn't mind getting TWO weekly issues at once. Ran out of envelopes the issue before, and couldn't get down to the supply house for more until last week. Also hope you liked the entire list of local boys we printed, so that local people could send you cards and maybe even Christmas gifts--and also so that you guys could pick your buddie's names out of the list and fire a few letters back and forth. Speaking of letters, here's the ones we didn't get to print last week:

Somewhere in Korea-10/6/51

Hello, Reecos:

Sorry I didn't write sooner--but they've been keeping me pretty busy. Received your nice letter, and have been getting the Byline quite regularly. My sincere thanks!

Since I wrote you last, I've had a somewhat interesting time of it. In the last two months I've driven everyone from Sigman Rhee to Omar Bradley. Just to show you what a "Social Lion" this Tracy's getting to be, I'm typing this (one-finger style) in the outer office of General [illegible]'s suite--on his private secretary's machine. The only bad part about this deal is that I have to sometimes wait long hours for those Generals and V.I.P.'S to come out of the various offices here at H.Q. In fact, that's what I'm doing at the moment.

An unusual and embarrassing thing happened to me today, which you might find interesting. A Brigadeer General introduced me to Audrey Totter, who is visiting the evacuation hospitals over here. There were about seven Colonels standing around--and he didn't even introduce me as PVT., but as MR. Tracy! What a burn-up! No score!

To get back to the serious side, I read an article in your Byline some months back that had to do with the Peninsula papers constant lambasting of Brisbane youths. There's no point in going into a lengthy tirade about the "deep, dark Peninsula", because there's no doubt that all the Byline readers share my irksome thoughts with me. However, I don't think we need take it all too seriously--as I can remember a few years back when the only things that kept most Peninsula papers in circulation was their comic sections!

My "passenger" is about to embark, so I'd better cut this short. Again, thanks for the weekly copy of the Byline. So long,

Gee, thanks, pal--for those kind words. And for a guy with handwriting like yours, why waste time on a typewriter? Where did you ever learn to write like that? If I could write that well, I would get a job as a "script" writer--and by "script" writer, I don't mean somebody who sits in a camp chair at the edge of a movie-set, --what I do mean is---someone who makes a lot of money, designing diplomas--- and so forth. Of course, you're doing all right---just writing letters home, to the BYLINE!!

ON OKINAWA: 10/1/51

Hello, there-Reecos!

How is everything coming along? Fine, I hope. I finally found time to drop a few lines to let my friends know that everything is running smooth--things over here on Okinawa are pretty well fixed up now. I did my share in the 20 months I've been here. We've built this Island up to a perfect touring spot for people who like to travel!

I read a letter from Jim Wright in your Byline a while back. I'm sure sorry he had to go Korea---he was one of my best buddies. Since he gets your paper too--I'll say this to him: "Hi, Jim: How are things going over there? We have a couple of WAC Detachments over here---sure wish you were here! How about dropping me a few lines? Hang on, Jim--in a few months, I will be over to help you out."

Well, Reecos, I guess this is it--so until later, take good care of yourselves! Sincerely yours,

PFC GERALD CROWLEY.

* * * * * * * * * * * * * *

Hi, Jerry! Thanks a million for writing, and how about that snapshot? The one for our "Honor Roll", I mean---after all, a guy who has already served twenty months over there should be way up on top of our Honor Roll--not absent? Ha--right after we received your letter, we got another one from your pal, Jim Wright. Here it is:

SOMEWHERE IN KOREA--

Howdy, Pards! 10/9/51

Well, I finally got around to writing again. I haven't been doing anything but did you ever see me when I was? Oh yes--"Lee", the little Korean, said to thank you very much for putting his letter in the paper. He said he thinks it is a fine custom to send the paper to the men in the service---I think so, too! You tell me more news about my hometown than anyone else. I sure like to hear about Brisbane--it makes me feel a lot better to know what is happening to people at home when I'm so far away.

Say, what ever happened to Dick Wakeloe? I know where the rest of the boys from Brisbane are, but I don't know about him. Eddie Roland and Glen Staser got pretty good jobs. They seem to like it okay.

So the old town is pretty dead, eh? Well, one of these days we'll all be back--and then we'll have us a party! We'll see if we can't liven things up a little. I think we can--don't you?

BRISBANE SHOWS LOYALTY TO GILMAN:

Showing it's faith, loyalty, and gratitude in a way to astound the casual observer from a less humane community, Brisbane once more stands solidly behind one of it's citizens. More than 200 local residents signed petitions as character witnesses for B.V.Gilman here on Tuesday afternoon. In a little more than four hours a handful of local citizens went from door to door--asking "Do you think Mr. Gilman is guilty of the crime of which he is accused?" In almost every case, the answer was "No--it's ridiculous!" Among the group who worked so ceasingly in the [illegible] Brisbane were Mrs. May Doyle, (who [illegible] got her petition filled, but collected $50 for Gil's court expenses)--Mrs. [illegible] Mcgervan who got two complete petitions filled--Mrs. Vera Scott of the Fountain of Youth, who collected about $25 from customers--Joan Hensinger, who--with the help of Mrs. Lulu Fassett--got her petition filled, and six more signers besides---Mrs. Golda Fogleman, Mrs. Mildred Young, young Vera Scott, Tom Miles, Mr. Les Aiken, of Les's Barber Shop, Mrs. Helen Choslyn, who helped immensely by typing up some of the petitions.

Good news for these hard-workers is the fact that their diligence paid off in good results. Atty. Lois Proston, famous for her expert handling of the "Mary Astor Diary" case some years ago, heard of Brisbane's faith in "Gil", and came to him and offered her services as an attorney. Her first act was to get a continuance of the case to enable her to get more facts together. MOTHER-TEACHER TEAS:

Brisbane's mothers and teachers were kept busy last week attending the annual Mother-Teacher Teas, sponsored by the Brisbane P.T.A. for the purpose of acquainting parents with their children's teachers, and giving the parents first hand information of exactly what their childrens' activities and studies consist of throughout this school term.

The first of the teas was held on Tuesday of last week for the lower grade mothers and teachers, (Oct. 16th)--Mrs. Roy Edwards, Brisbane P.T.A. president, met the mothers as they arrived, and welcomed them to the Tea. A buffet tea was served by Mrs. Edward Whitson, Mrs. Sullivan, and Mrs. Bormont. Dr. Frances Gulland of San Jose State College was introduced to the assemblage by Miss Natalie Lipman, school Superintendant. Dr. Gulland spoke of the new method of teaching the lower-grade age group.

The second tea was held Wed., Oct.17th, for the upper grades, following the same procedure as the day before, but with the speaker being Miss Cecelia Anderson, Associate Professor of Education at San Francisco State College. She spoke on the problems of teaching upper grade students. At this second tea, Mrs. Alfred Piatchi and Mrs. Robert Perrin officiated at the buffet table.

CABIN BY THE ROAD--by Elizabeth Alfeo

---PART II---

Mr. Long laughed heartily at the serious expression on his wife's face. "That's the trouble with ghost stories. Nobody ever has seen one, but everybody knows somebody who did."

"Well, it near scared Eliza to death. It turned her hair white, in one night."

He laughed--"It did her a favor, then. She looks better with white hair."

"Let's make up the beds. Maybe we'll get to see a ghost, too." Tommy suggested. "I want to know if they really can go through walls."

But the dog would not lie in the place fixed for him--in the corner where he had first scratched so diligently. He curled up by the rickety stove, near the pile of chips. "You know," said Mrs. Long as they settled for the night--"It's queer about these chips. Why would anyone want to chop wood up that fine? Imagine burning chips, with so much natural stove wood lying around."

But if they expected ghostly visitations, they were doomed to disappointment. Perhaps the moon wasn't right for ghosts to go cavorting around. The dog, moving around on his pile of chips, growled low. "What in the world ails that dog?" said Mr. Long. "I've never seen him act like that before. And--Phew!--What an awful smell!"

Not able to sleep in such an odor, and being constantly disturbed by the dogs low growls--the family was up and out of the place by sun-up. By eight o'clock they were entering a sleepy little town with one store. "Maybe we'd better stop and pick up a few groceries," Mrs. Long commented.

The store-keeper was fat and genial. "See you folks have been traveling some", he said. John Long nodded slowly. "Yep--traveled a far piece yesterday--and bedded down in a little empty cabin on the road north of here. Couldn't sleep, tho--such an awful stench! Must have been some animal crawled under the floor and died." The storekeeper gasped--"The Brookley cabin?"

HALLOWE'EN CARNIVAL AT SCHOOL:

Altho' the proverbial black witch will be riding over the hills of Brisbane on her broom on Halloween evening, October 31st, no one in town will be paying much attention to her, as they expect to be having too much fun at the annual carnival celebration. This carnival has been sponsored for many years by the Brisbane P.T.A. It was originally designed for the purpose of keeping the children out of mischief, by providing diversion on that [illegible] when owls screech, and eerie shadows move across the hills in the moonlite.

Halloween festivities will begin early with a party for the kindergarten, who will have their own parade and prizes. At 2;00 all the other grades will parade in the main schoolyard, in any costume that takes their fancy. Three cash prizes will await the lucky winners for the most original costumes. That evening, there will be fun for the whole family at the carnival, which will be held in the school auditorium and lunch-room. Booths will be set up where many games of skill will be represented, especially to fit in with each age group. Cake, coffee, hot-dogs, and soft drinks will be on sale at the refreshment stand, by Mrs. Byron Jenson, president of the Jefferson High P.T.A. One of the high-lites of the evening will be an apple dunking contest. The children must adopt at catching an apple with their teeth, will be awarded free tickets to the other games for the feat of endeavor. Our chairman and co-chairman of the carnival are Mrs. Robert Spencer, and Mr. Edward Whitson. Mr. & Mrs. Atkinson will staff some of the games, and Mrs. Jeannette and Mrs. Dolbon will work at the ticket booth.

This is an all-out effort at cooperation by Brisbanes various clubs and organizations, who will be represented at the carnival at the various booths and stands, and contribute much to making it the success it always proves to be.

REMEMBER, HALLOWEEN CARNIVAL AT THE SCHOOL AUDITORIUM WEDNESDAY EVENING, OCT. 31ST. COME IN COSTUME, OR AS YOU ARE. EVERYBODY WELCOME.

THE JUNIOR CITIZEN:

Well, there isn't much to say this week, as Brisbane has been pretty dull lately. But--about the dances that are to be held at the Legion Hall every other Sat. nite--so far as I know, they are still going to be held--. The Legionnaire that is in charge of recreation committee was to let me know when we could have our first meeting, to elect officers. It was planned to have our meeting in the middle of Oct. but it doesn't look like we've made much progress toward getting together with the adults and discussing the things. I guess the main thing, to them--was in keeping all under 21 out of their adult dances. SO--until further notice--watch the Byline each week for more details on the subject.

GOOD NEWS! BOB TAN[illegible] IS BACK IN THE STATES AT OAK KNOLL HOSPITAL! --(late news.)

WHAT'S THE SCORE???--by Ron Wright.

Using a single-wing attack as they did last year, the Jefferson Football Team have a lost 3, Won 1 average this year. Although the team is ranked as one of the best in the P.A.L. they lack the spirit and the hustle of the game. In the Mountain View game recently, Jefferson had taken an early lead of 9 to 0 in the first quarter--but that was the only quarter in which they really played football. During the second quarter, Mt. View tore Jefferson apart, and at the half they were leading 13 to 9. Mt. View went on to win the game 27 to 16.

In Jeff's second game of the season, they played two quarters of football. At the end of the half, they were leading Santa Cruz 6 to 0. But in the second half, the latter team got 18 quick points, to win the game 18 to 6.

The first league game was Jefferson's only win. They scored 20 points in quick succession, and at the half, Jefferson was leading over San Jose 20 to 6. As in the previous games, Jefferson came apart in the second half, and just barely was able to win the score of 20 to 13.

I will report on the Frosh-Soph games in the near future. So--until the next time--

RON WRIGHT, your Sports Reporter.

BRISBANE REACHES HALF-WAY MARK IN RED FEATHER COMMUNITY CHEST DRIVE:

According to Mrs. Lou Duncan, local chairman for the Community Chest Red Feather Drive, Brisbane has reached the half-way mark. Our quota is $500--and that leaves us another $250 to raise in the coming week in order to go over the top.

Due to the lack of volunteer workers in this area, some of the residents here have not been contacted. To facilitate getting all residents contacted, we have decided to announce the phone numbers and addresses at which you may contribute your share in the local Drive. Mrs. Duncan's phone number is JU 5-1949--or you may call the Byline office at Delaware 3-0232. If you desire to mail in your contribution, you may address it to MRS. LOU DUNCAN, at 271 Humboldt Road, or to MRS. GLADYS REECE, 278 Visitacion Avenue. Or you may call at either address and leave your contribution.

(Community Chest; cont'd from below)

According to population, the half-way mark leaves Brisbane lagging behind other communities on the Peninsula. Let's get our dollars in, and get BRISBANE OVER THE TOP!

LEGION AUX. BEGINS 1952 ENROLLMENT:

Enrollment of members for a new year of service to America and it's disabled defenders was begun by the American Legion Auxiliary here this month--Maude Mullen president of the Brisbane Unit announced recently.

Because of increasing need for the type of work carried out by the Auxiliary due to the present national danger and Korean War casualties, increased enrollment will be sought for 1952, she said. Invitations to come into the Auxiliary will be extended to women of war service families throughout Brisbane during an intensive membership effort.

The campaign will be directed by Mrs. Hazel Hooper, Unit Membership Chairman, assisted by all members of her committee. Working with the committee will be a large group of other members who will give personal invitations to join the Auxiliary to eligible women.

"With our country in continuing danger from the world-wide threat of communism and with thousands of wounded from the Korean conflict being added to the nation's roll of disabled veterans, there is growing need for the services the Auxiliary is organized to perform," Mrs. Mullen said--"We need the help of every woman who is eligible and we hope to enroll a greatly increased number for our activities of 1952".

Did you know that Brisbane property owners have been paying a Sewer Maintenance over since the sewer was installed in this tract??????

Do you know it is time to look into this matter, with the advisability of changing into a Sanitary District, before it is too late to take in the territory adjacent to Brisbane??????

Why doesn't the Brisbane Chamber of Commerce sponsor a committee of all the Organizations in Brisbane to look into this matter, and make a report to the people. It seems to me that a Sanitary District is opportune, at this time.

Think this over.
